

THE MULTI-PRODUCT EVOLUTION PLATFORM

From static products to evolving experiences.

Business Overview

Alexandrite Lighting is developing a patented modular platform that transforms candles, bottles, glassware and decorative objects into dynamic, customizable lighting experiences.

The base is the first access point to a broader ecosystem of compatible products, modules, digital services and industrial partnerships.

PRODUCTS WERE NEVER DESIGNED TO EVOLVE
AND TODAY'S ALTERNATIVES STILL MISS THE MARK

LIGHTING GOT STUCK.

One object. One purpose. One solution.

Different products. Different solutions.
NONE CUSTOMIZABLE.

Alexandrite

Multiple products.

Extending product life.

Enabling circularity.

Features:

- ✓ Real Flame + Dynamic RGB Lighting
- ✓ Bluetooth Control + Music Sync
- ✓ Patented Modular Adapter System
- ✓ Enhanced Stability for Candles & Bottles
- ✓ Multi-Object, Multi-Environment Compatibility
- ✓ Reusable Technology, Endless Experiences

THE TECHNOLOGY BEHIND THE PLATFORM

DYNAMIC LIGHTING

RGB LEDs with multiple lighting modes
Bluetooth control + Music Sync

PATENTED ADAPTABILITY

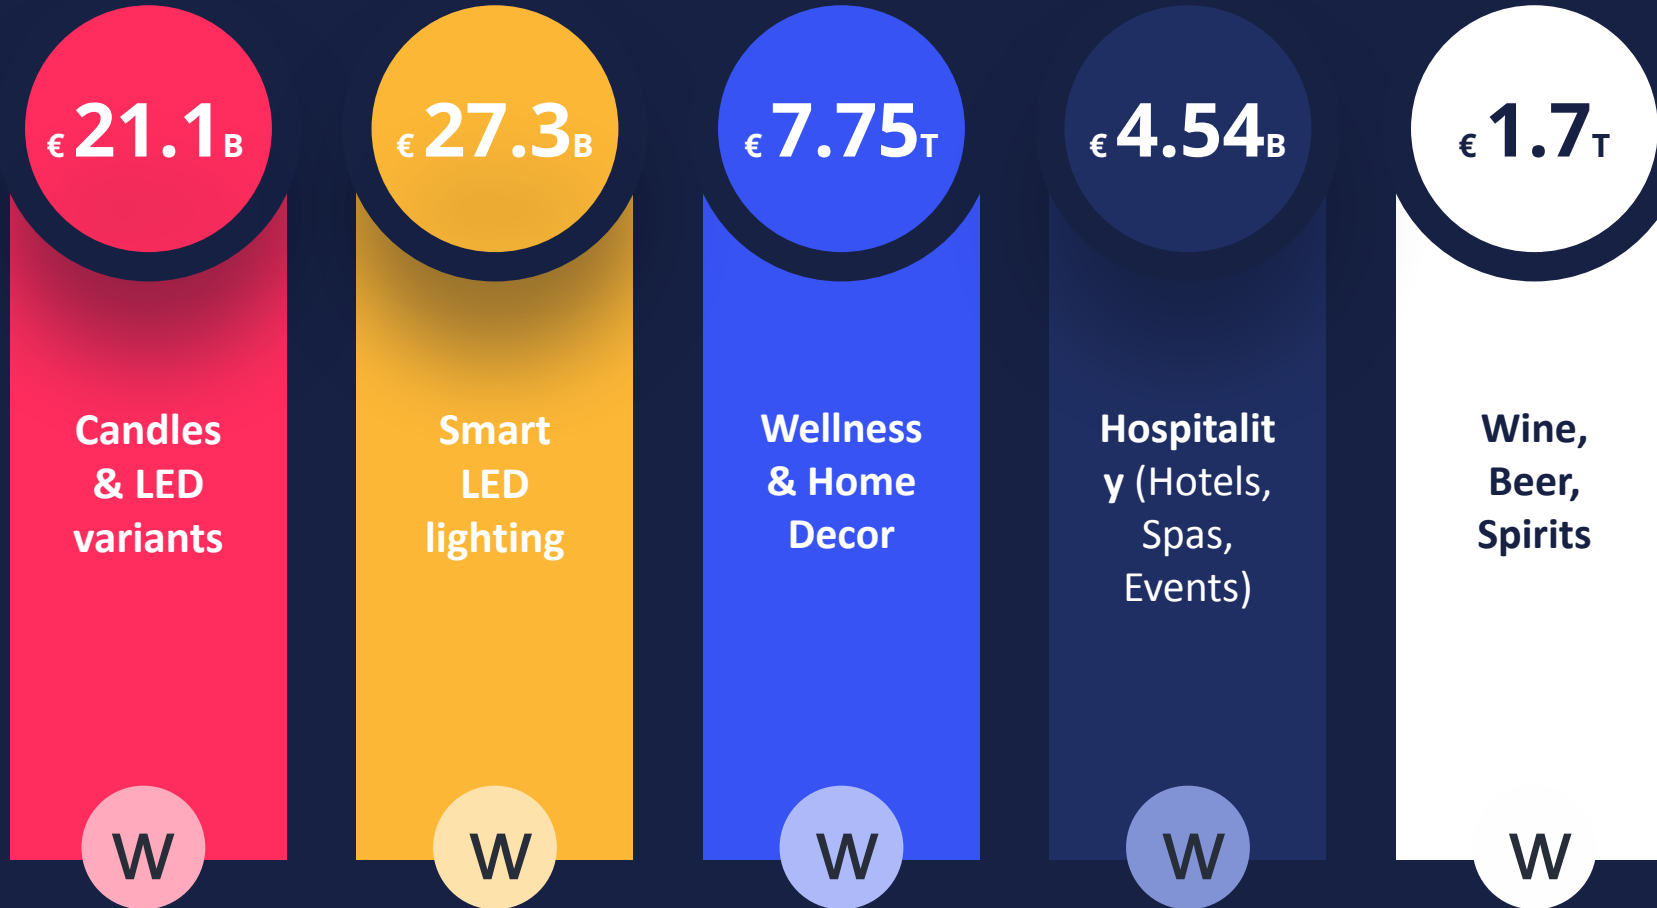

22+ modular adapter rings, up to 11 cm
For candles, bottles, glassware & more

GRIP & MOBILITY

Special grip rings lock the base to the object
Pour or drink while keeping it illuminated

A New Category at the Intersection of Multi-Billion Sectors

Grouped Markets:

TAM Multi-billion adjacent global markets

SAM Premium lighting, décor, hospitality, events & beverage

YEAR 4 €7.3M base plan → €10M+ scale-up target

Omnichannel Go-to-Market Strategy

Why we are Different

Feature	Alexandrite	Others (Yankee, IKEA, etc.)
Versatile for Any Occasion & Environment	✓	✗
Candle & Bottle Integration	✓	✗
Real Flame + Smart Tech	✓	✗
